

Software for the pharmaceutical industry

- ✓ Warehouse & material flows
- ✓ Weight & dispensing booths
- ✓ Laboratory
- ✓ Production phases
- ✓ SOP & documents management

Specialized modules by functional areas

Warehouse, materials flow, quality control and production management.

The Ip6 platform is an industrial software specialized in regulated industry. Provides a complete electronic management of the processes, from the raw materials reception to the delivery to the client, going through production phases, warehouse, material flows and quality control laboratory.

Provides total traceability of products, operations and resources. All operations are recorded in a single database for data integrity and optimal performance.

Developed by Labware and validated in several logistic and pharmaceutical facilities, Ip6 enables the progressive installation of features and technologies.

Ip6 modules that can be installed standalone or integrated with ERP.

- **Ip6 WMS:** Warehouse and material flows management, internal provisioning, order preparation and deliveries
- **Ip6 W&D:** Weight and dispensing booths.
- **Ip6 LIMS:** Quality control laboratory management.
- **Ip6 DMS:** SOP's and document management.
- **Ip6 production phases**
- **Ip6 Dashboard:** Real time monitoring
- **Ip6 Mobile:** Your facility operation in tablets and smartphones

Warehouse Management System (WMS)

Laboratory Information Management System (LIMS)

Weight & Dispensing (W&D)

Manufacturing Phases

Documents Management System (DMS)

**Ip6-DB
Ip6 Single Database integrated with ERP**

Dashboard

Ip6 Mobile

Ip6 provides:

- **Scalability**, standalone or integrated modules.
- **Flexibility**, with a high level of parameterization.
- Unification of the information from its origin for the whole organization
- **Full traceability**.
- **Integration** with corporate systems (SAP, Navision JDE, etc..)
- Real time management of physical devices, bar codes, Radiofrequency, and connections to automation and equipment's.
- Ip6 admits compliance validation with GMP y FDA CFR21 parte 11.

Ip6 is leader in pharmaceutical industry logistics in Spain for its:

- Performance
- Fast payback
- 100% SOP's compliance
- Up to 24 hours support.
